**Note:** All antigen typings listed are confirmed using two sources of antiserum except for the following which, due to the rarity of the antibodies, may be tested with only one source if a second source is unavailable: V, $Lu^a$, $Js^a$, $Jk^b$, $Xg^a$, Vel, $Yt^a$, $Di^a$, $Di^b$, Vw and special typings (other antigens).

**Nota:** Todos los antígenos tipados en la lista están confirmados utilizando dos tipos de antisueros, excepto para los siguientes, los cuales, dado la rareza de los anticuerpos, han sido testados con un solo tipo, si no se disponía del segundo: V, $Lu^a$, $Js^a$, $Jk^b$, $Xg^a$, Vel, $Yt^a$, $Di^a$, $Di^b$, Vw y tipajes especiales (otros antígenos).
